## Maths

Months	Textbook	Research Based	Cross Curricular	Real Life Connect	Experimental Learning	Challenge Creativity
<b>April</b>	L-1 Number and Numeration	Find the development of zero in India and how it spreads throughout the world.	Find the distance of all the planets from the sun in kilometre.	Read the newspaper for at least 10 days and cut out 10 articles in which large numbers appears.	Understanding Place value.	Find the population of any five states of India as per 2020 Census.
	L-2 Roman Numerals	Research about the famous Indian mathematician Aryabhata.	(Page no. 24)	Fun Activity	Prepare Roman numerals using matchstick.	Write the greatest number using Roman numerals C, L, V, X and I.
<b>May</b>	L-3 Addition and Subtraction	Find the sum of the current population of the metro cities.	Find the largest and smallest continent in term of area.	Find the total number of passengers who traveled in the first three days of the week by train (pg-31)	Associative property of addition	Solve a problem using addition and subtraction with the given data (Page no. 29).
	L-4 Multiplication and Division	Tree's for life (page no. 43)	If the airline distance from Delhi India to center of Australia is 851-1792, calculate distance in Nautical miles (page no. 43)	(page no. 43)	Lattice Multiplication	Solving Puzzles (page no. 43)
<b>May Unit Evaluation</b>						

## Maths

Months	Textbook	Research Based	Cross Curricular	Real Life Connect	Experimental Learning	Challenge Creativity
<b>July</b>	L-5 Factors and multiples	The first and the smallest perfect number is 6, that is equal to the half of the sum of all its divisors 1, 2, 3, and 6 (Page no. 49)	Case Based (Page no. 58)	(Page no. 58)	To find the LCM using $10 \times 10$ grid.	Show that if a number is divisible by 12, it has to be divisible by all the factors of 12.
	L-7 Data Handling	Find where are line graph mostly Used.	Find their favourite musical instruments. (page no. 200)	Draw a line graph for your weekly expenses.	Recording data and drawing a bar graph.	Line graph showing the temperature from 8 a.m. to 10 p.m. during a day. (page no. 200)
<b>August</b>	L-6 Fractions	One third part of the earth is land and the rest is water. Find the fraction of land in Asia.	A case of measuring the colonies in dish with different species of bacteria. Through fractions, we represent how many bacteria of a specific species are there in a dish.	You invite five of your friends at home for a pizza party you have four pizzas and each pizza has 5 slices if you share the pizza equally, what fraction of the pizza will each one have?	Multiplication of fractions	Think of each domino as a fraction. (page no. 69)

## Maths

Months	Textbook	Research Based	Cross Curricular	Real Life Connect	Experimental Learning	Challenge Creativity
	L-8 Unitary Method	Find the Applications of Unitary method.	Activity	(Page no. 98)	Two bookshops are selling items at special prices.	A factory worker makes 35 twice in seven hours (page no.98)
<b>Sept.</b>	<b>September Evaluation</b>					
<b>Oct.</b>	L-7 Decimal Number	Find the coordinates of the following: Taj Mahal, Agra, India Gate, Delhi, Gateway of India and Mumbai.	Decimals play a helpful role in geography (Topic longitude and Latitude).	If you buy 2 kg floor, 1.5 kg sugar, 2 kg of salt and 1.25 kg of rice for your home, then how much money will you have pay to the shopkeeper.	Arrow Cards	(page no. 92)
	L-10 Percentage	Find the percentage of forest area in the following country. Is China, Japan, Nepal.	During a football match between red gains and blue gains, 4560 fans in the stadium have red giant flag while 52% fans have blue giant flag .How many flags are there in the stadium in all?	(Page no.114)	Calculate the percentage of marks that you secured in last maths exam.	Drawing shapes and colouring them.

## Maths

Months	Textbook	Research Based	Cross Curricular	Real Life Connect	Experimental Learning	Challenge Creativity
	L-14 Geometry	Research on endangered species and draw animal figures using only circles.	Olympic rings (Page no. 160)	Maps help us understand locations with the help of directions.	Find angles with the help of clock.	How many lines of symmetry does a circle have?
<b>Nov.</b>	L-11 Measurement	Research on various units of measurement of weight using in various countries.	The distance of the moon from the earth is 384400000 meter. Convert it into kilometers.	(page no. 127)	Experiment on vessels (page no.125)	Maria buys 20kg 250g flour. If her family used 17320 g flour in a month, will there be a shortage of flour?
	L-13 Temperature	Find out the temperature around the world. Which is the coolest and the hottest place at present?	Explain Kelvin scale, Celsius scale and Fahrenheit scale.	Case Based (page no.142)	Record the minimum and maximum temperature of your city at last seven days.	Is there a temperature which is numerically the same in both Fahrenheit and Celsius scale.
